Old West License Project Guide

Use this checklist to create a "license" for a specific Old West figure that displays information about that figure. Information will include who, what, when, where, and why he/she is important.

Work individually to complete this project using books, encyclopedias, online resources, etc.

Your final project (license) must include:

1. Visual Neatness

   ☐ Neat writing

   ☐ Information located in a logical spot

   ☐ One picture of the Old West Figure in the logical location

   ☐ Colorful and attractive

2. Information (on the front of the license)

   ☐ State name at top (state that they are from)

   ☐ Figure's full name

   ☐ Issue date (date of when the figure started doing what he/she contributed to the era)

   ☐ Expiration date (date the figure died, or an estimation)

   ☐ Where he/she is from (city and state or just state)

   ☐ Male or female

   ☐ Birth date

   ☐ Fake signature (have fun!)

3. Image(s)

   ☐ An image of the figure (either a printed picture, or hand-drawn)
