Look at the M\&Ms in the bag.
Estimate how many you think are in there and record the number in the space, My Estimate.

Then open up the bag, count the M\&Ms, and record the actual amount in the space, The Amount.

Decide if your estimate was more, less, or the same as the actual amount and mark the space below.

My Estimate $\qquad$ The Amount $\qquad$
My estimate was $\qquad$ more, $\qquad$ less, or the $\qquad$ same as the actual amount.

Sort all of the M\&Ms by color and graph the results below.

| 12 |  |  |  |  |  |  |  |
| :---: | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| 11 |  |  |  |  |  |  |  |
| 10 |  |  |  |  |  |  |  |
| 9 |  |  |  |  |  |  |  |
| 8 |  |  |  |  |  |  |  |
| 7 |  |  |  |  |  |  |  |
| 6 |  |  |  |  |  |  |  |
| 5 |  |  |  |  |  |  |  |
| 4 |  |  |  |  |  |  |  |
| 3 |  |  |  |  |  |  |  |
| 2 |  |  |  |  |  |  |  |
| 1 |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |
|  | Red | Green | Blue | Orange | Yellow | Brown | Purple |

What color(s) had the most? $\qquad$

What color(s) had the least? $\qquad$
